CACC-HQ

CIRCULAR 010-1920-008

8 January 2020

**CALIFORNIA CADET CORPS
ANNUAL GENERAL INSPECTION**

- 1. GENERAL:** The Headquarters (HQs), CACC and all Brigade Advisors will conduct an Annual General Inspection (AGI) in accordance with the attached list from 3 February to 31 March 2020. The Annual General Inspections of California Cadet Corps units are conducted utilizing the Annual General Inspection Report Form 15, Appendix B to Cadet Regulation 1-6 (effective 9 January 2019), as a guide. A detailed rubric may be found in CR 1-6, Appendix A and will aid the inspectors in evaluating the appropriate rating level. This regulation revision changed two inspection items: #38 and #39. All other items remain unchanged.
- 2. PURPOSE:** This inspection fulfills the Adjutant General's obligations under the California Military Veteran's Code Section 515 to inspect CACC units. It also serves to inform the Executive Officer, Adjutant General, and the Superintendent of Public Education on the training, attendance, discipline, military knowledge and instruction, leadership and condition of property of the California Cadet Corps units. Newly formed units will not undergo full AGI's but rather a Staff Assistance Visit (SAV). The SAV is a non-graded event meant to prepare units for future AGI's.
- 3. OVERVIEW:** All first year units will undergo a SAV whereas second year units will undergo a full AGI. Units inspected last year do not require an inspection. Inspections are conducted during a normal school day and include a visit to the California Cadet Corps unit, its Commandant of Cadets and the Principal or administrator- designee of the school. A report of the inspection will be made for submission to the Adjutant General, Superintendent of Public Education and a copy is left with the Commandant of Cadets at the school site. Brigade Advisors will be conducting the inspections on their Battalions and HQ, CACC will be conducting a SAV with the Brigades. Brigade Advisors must coordinate with Operations if they will require some support but are principally responsible for inspecting their units. Brigade Advisors may include Cadet Brigade Staff to assist if feasible.
- 4. INTRODUCTION / REPORT OUT:** Commandants should post a cadet in the school office at the start inspection time to escort the Brigade Advisor to the cadet formation. Commandants should arrange for an out-brief with the school principal or administrator-designee prior to departure of the inspection team.
- 5. CONDUCT OF THE INSPECTION:** Commandants should coordinate with administration and impacted teachers to schedule at least 80% of enrolled cadets (regardless of whether they

are in uniform) for an In-Ranks Inspection /Drill and Ceremonies demonstration lasting up to one hour and beginning 5 minutes after the start inspection time. Cadet leadership will conduct the In-Ranks Inspection in conjunction with the Brigade Advisor. Following the outdoor portion, the Cadet staff will conduct a Command and Staff Brief to the Brigade Advisor. Unit leaders, records, and storage areas will need to be available and unlocked to the inspection team for about another 60 minutes following the Command and Staff Brief. The Brigade Advisor will need thirty minutes at the end of the inspection to finalize their report and brief the principal or their representative.

6. UNIFORM: Uniform for the inspection will be Class B uniform (if the unit has them). Those units who do not have this uniform should wear the uniform they have been issued. Commandants are required to be in a Class B uniform or Commandant Multipurpose Uniform (CMU).

7. SCHEDULE: The AGI list can be found in Appendix A of this circular. Minor changes to the schedule are possible - please contact SSG Eric Franco at (805)782-6766 or email at eric.franco@cacadets.org for change requests and to correct the appendix information below. Please note the AGI start times may need to be finalized to align with your individual school bell schedule.

8. AWARDS: Units receiving a “Superior” rating will be awarded the Superior Unit Guidon Streamer (IAW CR 1-1, 3-3b) at the out-brief in front of the principal, and cadets will be authorized the Superior Unit Ribbon.

9. BRIGADE SAVs: Following completion of BTN AGIs, HQ CACC will conduct Brigade SAVs with a draft rubric. Brigade Staffs will brief status of their Brigade. HQ CACC will validate all sub-unit AGIs, issue Superior Unit Supplies, assess Commandant pay forms, inspect Brigade/State property, and develop the new draft CR 1-6 rubric for Brigade Inspections, commencing in 2021.

FOR THE EXECUTIVE OFFICER:

/s/ TIMOTHY
KELLEY
Colonel
Deputy Commander
